Stowmarket High School is delighted to invite your son/daughter to a special Year 5 Mathematics Day on Monday, 3<sup>rd</sup> July 2017. The event is open to all Year 5 pupils from our catchment and will be an excellent opportunity to visit the high school, meet the new staff within the mathematics department and of course participate in some exciting, hands on activities, with students from all Stowmarket Primaries.

The day will include a carousel of sessions from our maths team including capacity problems, investigating with pentominoes, bridge tasks and much more. The day will be practically based with elements of problem solving and accessible to pupils of all abilities and needs. Prizes will be awarded to the best team that demonstrates good problem solving skills and good team work.

Your child will be at the High School from 9.20am to 2.00pm, travel to and from their Primary School will be arranged either by foot or bus depending on location. Buses will be run to collect and return students from Ringshall, Combs, Bosmere and Finborough schools. A break and lunch time will be included in the day but we do ask that a packed lunch is provided. A member of your child's primary school will be supervising along with the staff of Stowmarket High School.

We look forward to seeing your son daughter on Monday, 3<sup>rd</sup> July 2017

Yours sincerely

Mr T. Jacobs  
Director of Mathematics
